At that point I knew that I was going to get suffocated by marshmallow. Not the best way to go but I guess it could be worse.

Just as I was about to black out there was this tearing sound. The marshmallow chair ripped open. Then I saw it. A giant gummy bear.

Chapter 6 by Bryson Dunsmore

The gummy bear tore both sides of the chair apart with its massive, round fingered hands, and then he picked me up. I felt like I was going to be eaten by this point, but the bear instead just shoved both of my legs into his forehead and walked away.

Chapter 7 by Gyro

It's a weird sensation being in a gummy bear but it is quite nice. In the distance I saw a marshmallow castle.

Chapter 8 by Bryson Dunsmore

As the bear marched toward the White Castle, I suddenly felt a feeling of confusion. I was thinking about why there was a chair just sitting out in the open, while there was an entire castle over there. Soon, though, I didn't have time to think about that, because I felt myself being pushed out of the gummy bear's head. Soon enough, I was sprawled out on the ground, legs facing impossible directions, and a weird feeling on my stomach. And when I checked my stomach, there was random hair growing all over it!
